## Model 900PRD Tank Fluid Monitor

Portable, self-powered, stand alone operation with no external power requirements.

•  
Compact, rugged and reliable.

•  
Available in 2, 4 or 6 channel configurations with each channel monitoring one tank.

•  
Displays tank volumes, tank levels, average fluid temperature and alarm status.

•  
Totalizing function provides a running total of all tanks volumes.

•  
Connects to external plug on individual tanks display via cable up to 500 feet in length.

•  
Sounders can be installed for alarm warnings.

•  
Optional non-portable version available for use with external power sources.
